

Translucid Investigation Report

Case 9f2b189d-90e3-4a83-aad7-6566414d1c03 • COMPLETED • created 2026-08-10T04:37:50.266Z

Investigation summary

AMBIGUOUS — The synthetic root person comes from intake; no external account was linked because the two-anchor threshold was not met.

One synthetic employment observation records the Principal Engineer title at Acme Synthetic Labs for 2021–2025.

Limitations

- All sources and identities in this run are deterministic synthetic fixtures.

Claim-level findings

CORROBORATED • MODERATE

Synthetic Candidate held the title Principal Engineer at Acme Synthetic Labs from 2021 through 2025.

The deterministic synthetic source directly supports this fixture claim.

- Limitation: This is a synthetic development result, not a real-world verification.
